MIDDLE EAST BUNKERING CONVENTION 2020

TRAINING:

3-4 FEBRUARY 2020

CONVENTION:

5-6 FEBRUARY 2020

DUBAI

Now in its fifth year, the *Middle East Bunkering Convention (MEBC)* has built a strong reputation for the quality and scope of debate it provides on the key issues and challenges facing the marine fuels sector and wider shipping industry.

MEBC 2020 will focus on a bunker industry in transition and is well-timed to consider how IMO 2020 has impacted the marine fuel supply chain – from a regional and global perspective. The event will also look at how industry stakeholders will have to step up to the mark to meet the IMO's ambitious 2050 GHG emission reduction targets.

Early bird ends 6 December 2019
